

## Proposition 56 Supplemental Payments

The California Healthcare, Research and Prevention Tobacco Tax Act of 2016 (Proposition 56) increased the excise tax on cigarettes and tobacco products for purposes of funding specified expenditures, including programs administered by the Department of Health Care Services (DHCS).

DHCS has proposed supplemental payments for physician services in both the Medi-Cal fee-for-service (FFS) and Medi-Cal managed care delivery systems. CenCal Health's requirement is to reimburse applicable providers (**FQHC, RHC and non-contracted providers are excluded from the eligible providers list**), the procedure codes listed below inclusive of the supplemental payment rate for dates of service July 1, 2017 through June 30, 2018 to CenCal Health eligible members, excluding members with Other Health Care coverage or Medicare primary.
