- Orthodontics for children who qualify

If members have any questions, want to learn more about dental services or want to find a dentist in your area, call Denti-Cal at 1-800-322-6384 (TTY 1-800-735-2922). You may also visit the Denti-Cal website at <https://www.dental.dhcs.ca.gov> or <https://smilecalifornia.org/>

F2: Specialty Mental Health Services

County mental health plans (MHP's) are responsible for authorization and payment of a full continuum of specialty mental health services for CenCal Health members.

Medically necessary specialty mental health services include the following:

- Individual, family and group psychotherapy and rehabilitation services
- Medication support services
- Crisis intervention, stabilization, and residential services
- Targeted case management services
- Therapeutic Behavioral Services, Intensive Home-Based Services, Intensive Care Coordination and Therapeutic Foster Care for members under the age of 21.
- Psychiatric consultation in the Emergency Department
- Residential treatment, Partial Hospital Treatment or Intensive Outpatient services for a mental health, substance use or eating disorder.
- Electroconvulsive Therapy (ECT)

Medical Necessity

To qualify for specialty mental health services, adult members (over the age of 21) must be screened using CenCal Health's Level of Care screening and meet the range indicative of Specialty Mental Health Services.

CenCal Health children and youth under the age of 21 qualify for specialty mental health services under EPSDT if the services are "medically necessary."

Screening and Referral

Members who are screened on the Level of Care Screening and meet the criteria for County Specialty Mental Health Services, can be referred to the Behavioral Health Department to coordinate their referral to the County Department of Behavioral Health. Providers should send the Level of Care Scoring indicating member meets SMHS/County criteria and the Transition of Care tool to the Behavioral Health Department via fax (805) 681-3070, or the Behavioral Health Department [secure link](#).

The Behavioral Health Screening, Scoring, and Transition of Care Tools are located on the Behavioral Health Department provider website for download.

F4: Tri Counties Regional Center

Tri-Counties Regional Center (TCRC) is one of twenty-one non-profit Regional Centers in California providing lifelong services and supports for people with developmental disabilities residing in San Luis Obispo, Santa Barbara and Ventura Counties.

TCRC operates two separate programs, each with different eligibility rules.

1. The Early Start program is for infants birth to 36 months, who are at risk of developmental disabilities or who have a developmental disability. An infant or toddler (birth to 36 months) is eligible for Early Start if they have a developmental delay of 33% in one or more of the following areas of development: Social, Adaptive, Physical, Communication, and Cognitive. In addition, children with multiple medical factors that place them at risk for a developmental delay such as low birth weight, prematurity (less than 32 weeks), prenatal exposure to drugs, alcohol or teratogens, or if born with a condition with a known probability of causing a disability or delay such as Down Syndrome or other genetic conditions. Eligible children and their families may receive a variety of early intervention services including, but not limited to:
 - Infant stimulation (specialized instruction) in your home or community
 - Family resource Centers for parent-to-parent support.
2. The Regional Center general services program is for individuals older than 36 months who have a diagnosis of Autism, Epilepsy, Intellectual Disability, Cerebral Palsy, or a

condition similar to Intellectual Disability that require treatment similar to a person with Intellectual Disability. In addition, their condition needs to be substantially handicapping and have begun before their 18th birthday. Once eligibility is established, services are available to the member for the duration of their life. Services may include but are not limited to:

- Respite services
- Independent Living Supports
- Supported living services
- Community Care facilities
- Employment support
- Safety supports i.e. tracking devices, crisis support services

CenCal Health Provision of Responsibilities

- CenCal Health is responsible for providing medically necessary BHT services as required by the Early and Periodic Screening, Diagnostic, and Treatment mandate, including coordination of a member's health care with the Regional Center to ensure non-duplication of services.
- CenCal Health is responsible for primary care and all other medically necessary services including comprehensive diagnostic evaluations.
- CenCal Health and its providers must ensure that they provide care coordination and necessary member information to the Regional Center as it relates to the identification of all medically necessary services or coordination of care issues, including the development of Individual Program Plans and Individualized Family Service Plans (IFSP).

Regional Center Provision of Responsibilities

- The Regional Center shall provide Targeted Case Management (TCM) services to eligible Members and their families to assure timely access to health, developmental, social, educational, and vocational services. Targeted Case Management services include:
- Coordination of services with CenCal Health to ensure non-duplication of services.
- Provision of referrals to specialty Centers and follow-up with schools, social workers and other agencies involved with the Member's care pursuant to the Individual Program Plan and the Individualized Family Service Plan (IFSP)
- Non-medical services not limited to, respite, out-of-home placement, and supportive living.

Referral

Members who are identified with conditions that are known to lead to developmental delays or those in who a developmental delay is suspected or whose early health history places them at risk of delay may be eligible to receive services from the Early Start program and may be referred by contacting the Regional Center to request an eligibility evaluation. The Regional Center evaluation process may take up to 90 days.

Members who are identified as having a developmental disability may be referred to the Regional Center for evaluation and for access to non-medical services provided by the Regional Center.

For more information regarding TCRC, please contact the specific county in which a CenCal Health member currently resides or please visit the [Tri-Counties Regional Center](https://www.tri-counties.org/) website.

F5: Local Education Agency

A Local Education Agency (LEA) provides certain preventive, diagnostic, therapeutic, and rehabilitative services to eligible Members aged three (3) years and older who are identified as Children with Special Health Care Needs (CSHCN) while in school.

A Member may receive LEA services from their LEA in accordance with the Member's Individualized Education Plan (IEP) or Individual Family Service Plan (IFSP).

LEA Services

LEA educational support services may include, but are not limited to, the following, when identified on the Member's IEP or IFSP.

- Health and mental health evaluation
- Health and nutritional assessment and education
- Developmental assessment
- Vision assessment
- Hearing assessment
- Education and psychosocial assessment
- Psychological and counseling services
- Nursing services

- School aid health services
- Specialized medical transportation services and the associated mileage and
- Therapy Services (OT, ST, ABA, Behavioral Therapy, Mental Health)

Identification and Referral of Members

- CenCal Health, LEA Practitioner or the Member's Primary Care Practitioner shall identify a Member eligible for LEA Services.
- Upon appropriate identification of a Member eligible for LEA services, CenCal Health, or the Member's PCP shall refer the Member to their LEA.
- A Member's PCP shall collaborate with the LEA to coordinate the provision of Medically Necessary services identified on the Member's IEP or IFSP.

Provision and Responsibility

- CenCal Health covers Medically Necessary mental health, Behavioral Health Treatment (BHT) and SUD services when delivered by school sites.
 - CenCal provides case management and care coordination to the Member, or the parent, legal guardian, or authorized representative, to ensure the provision of all Medically Necessary Covered Services identified in the IEP developed by the Local Educational Agency, with Primary Care Physician participation.
1. Whenever the LEA services overlap with Early and Periodic Screening, Diagnosis, and Treatment services (EPSDT), CenCal Health and its Network:
 - Assess what level EPSDT Medically Necessary services the Member requires.
 - Determine what level of service (if any) is being provided by the LEA.
 - Coordinate the provisions with other entities, such as CenCal Health, to ensure such entities are not providing duplicative services, and that the child is receiving all Medically Necessary EPSDT services in a timely manner.
 - CenCal Health has the primary responsibility to provide all Medically Necessary EPSDT services, including services which exceed the amount provided by the LEA.
 - An LEA will never be considered the primary provider of Medically Necessary EPSDT services, as this is the responsibility of CenCal Health.

F6: Medi-Cal Rx – Medi-Cal's Pharmacy Benefit
