### What happens at your check-up?

### Your provider will:

- Do a physical exam
- Check your growth and development
- Ask about your family's health history
- · Give recommended shots, when needed
- Talk about dental health and, when needed, give you fluoride supplements and help find a dentist
- Check your hearing and vision
- Ask about your mental health and emotional well-being, and any alcohol or drug use, to find if you need resources or support
- Discuss important health topics such as sexual health, nutrition, safety, and protecting skin from the sun

### Your provider will also check for:

- Depression, anxiety, and suicide risk
- Tuberculosis (TB), if at risk
- Cholesterol, if at risk
- Anemia, if at risk
- Sexually transmitted infections (STIs), if at risk
- Other health issues or concerns you have

## Medi-Cal for Kids & Teens

Preventive and treatment services for teens and young adults to age 21

### **Medi-Cal offers services** for teens and young adults to age 21

If you are under age 21 and enrolled in Medi-Cal, you can get the check-ups, services, and supports you need to stay or get healthy.

It's important to have a check-up once a year to help keep you healthy, even if you're not sick. They can prevent health problems, and find and address them early.

Even if you just had a check-up, you can make an appointment with your doctor any time you have health concerns.

You should also go to the dentist every 6 months to keep your teeth healthy.

### Plan your check-up

Call your managed care plan. Or call the Medi-Cal Member Help Line at 1-800-541-5555 (TDD 1-800-430-7077). You can get help to:

- Find a doctor or set up an appointment
- Get a free ride to and from your appointment or to pick up medication, medical equipment, and supplies
- Ask for language assistance at your appointment
- Ask for interpretive services

If you need this flyer or other Medi-Cal materials in an alternative format such as larger font, audio format, CD, or braille, call 1-833-284-0040.

### **Medi-Cal services are free** for most teens and young adults to age 21
