Either for each encounter or at the end of the month.

Include all direct service hours in your service logs

- H2019
- H2014
- S5111
- H0032 (direct supervision)

Changes to Authorizations After Submission

For authorizations that have been submitted already

ENTER

a comment through the provider portal

OR

FAX

your revisions directly to the UM team

Reminders: New Members

Medi-Cal **requires** an ABA recommendation

Please contact the member's PCP to request to **submit** an ABA recommendation with your organizations name.

If the member is seeing or has been referred to another ABA organization, please have the PCP redirect care to your organization by **submitting a NEW** ABA recommendation.

This must be received either prior or concurrent to your submission for assessment.

Authorization Extensions

We are unable to extend any treatment authorizations beyond 6 months.
MediCal requires a new treatment authorization every 6 months.

Please submit a revised treatment plan with a new authorization request 2 weeks prior to the current authorization ending.

FBA authorizations are able to be extended an additional 60 days.

Please submit your request via fax or secure link and reference the authorization number. These requests can not be accepted verbally.

Thank, you!

For any questions, please email your
Provider Services Representative or
contact the BH Department at
(805) 562-1600.
