

Respite Services Information and Referral Form

THIS REFERRAL FORM IS REQUIRED FOR AUTHORIZATION

Community Supports (CS) are services that are flexible, wrap-around supports designed to fill medical and socially determined health gaps. The services are provided as a substitute or to avoid utilization of other services such as hospital or skilled nursing facility admissions, discharge delays, or emergency department use.

Respite Services are provided to caregivers of Members who require intermittent temporary supervision. The services are provided on a short-term basis because of the absence or need for relief of those persons who normally care for and/or supervise them and are non-medical in nature. This service is distinct from medical respite/recuperative care and is rest for the caregiver only.
