

Respite Services

Quick Reference Guide

What are Respite Services?

Respite Services are provided to caregivers of members who require intermittent temporary supervision. The services are provided on a short-term basis because of the absence or need for relief of those persons who normally care for and/or supervise them and are non-medical in nature.

This service is distinct from medical respite/recuperative care and is rest for the caregiver only.

Who is eligible?

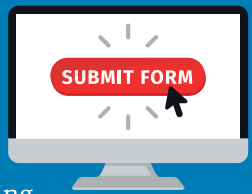

Individuals who live in the community and are compromised in their Activities of Daily Living (ADLs) and are therefore dependent upon a qualified caregiver who provides most of their support, and who require caregiver relief to avoid institutional placement.
